

Mission Team Coordinator

Report

October 2014

Although this year's report contains 6 fewer teams than last year, there has been no lack of enthusiasm generated among our mission groups. We saw 11 medical teams which is an increase, 12 vbs teams and another 21 that helped in construction projects and repairs and painting in our facilities. One church was finished (San Pablo and San Lucas) by several teams from St. John's and Transfiguration, Michigan and a grand dedication occurred in June.

I am sorry to report that 12 cancellations occurred due to various reasons, but the main one is increased airfares.

Our two exploratory trips have gained more teams as the participants returned home with enthusiasm to spread the news of our diocese.

I was blessed with 3 wonderful volunteers this year. Donna Wideman from Kinston, NC came for 6 weeks. She is a Spanish teacher and assisted greatly with teams. Emily Gibson from Charleston, SC came for 3 months to also help, and her plan is to return in the coming year to help with teams and also write a history of each of our churches. Alayna O'Connell from Nebraska came for 4 months to teach English in the seminary, work in the preschool of Epifania, and in the mission team office. All these people were a fantastic help to me and God willing will return again next year.

It is my desire to continue on as Mission Team Coordinator and receive the many blessings that this job provides. New friends, devoted team members, and the wonderful people of the Dominican Republic continue to inspire me.
