

IGLESIA EPISCOPAL DOMINICANA
COMUNION ANGLICANA
RNC 4-01-05236-9

Moisés Quezada M.
Obispo

September 17th, 2018.

Brothers and Sisters of DDG
Bishop of the Dioceses Companions

Appreciated Everyone:

The Diocese of the Dominican Republic continues to advance in its growth and development, so we express to each of you our deepest gratitude for all you have done and are doing for us.

We want you to continue supporting us in everything we do as a Diocese. This request is made especially by our fellow Dioceses, the DDG, the missionary groups that visit us and others who participate in the activities we do. Your support will contribute to the process of sustainability that the Dominican Episcopal Church is currently carrying out.

Our Mission Office in Santo Domingo will always be open to help facilitate the relationships of fellowship and receive the missionary groups that visit us. This office works together with the Tampa Office in charge of William Kunkle. We are requesting a person from the Companion Dioceses to come to our Diocese as a missionary to work in this office together with Charlie Nakash and Patricia Martin.

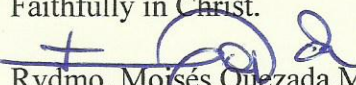

We currently have several priorities that complement those established in 2016. These priorities are aimed at strengthening the sustainability of our Church.

Among these projects are the expansion of the Esperanza Clinic, the strengthening of the structural and academic structures of our schools, the construction of multi-purpose buildings, and the expansion of some of our conference centers. In addition, the purchase of the land and buildings of the temples.

Apart from these projects, the Dominican Church continues with a lot of spirituality and a great revival.

I will be with you at the October Meeting and on this occasion we will present these projects. So, it will be a great joy for me to be with you and to celebrate together the unity and companionship that we have.

Faithfully in Christ.

Rvdmo. Moisés Quezada Mota
Diocesan Bishop.
